### Note: \*\*

-The above Previous Scores apply to both individual subjects as well as the Overall Score

-Example 1: You have achieved R5, W5, L5, but only 4 on Speaking, then you can only sign up for 6 for Reading, Writing, and Listening (and not Speaking)

-Example 2: You have achieved R6, W4, L7, S4, and a Total of 5, then you can sign up for guarantee of 6 (for all individual subjects)

-If you require a total of 6.5, with each subject not 6 or above, then you may choose either a guarantee of 6 or 7, depending on your past scores

-Even a guarantee of 6 may help you achieve a total of 6.5. After all, all your individual scores would be at least 6, and if two of them are (say) 7, then the total is 6.5

-It is acceptable to have past scores combined from more than one tests, e.g. a higher score of 6 from a previous sitting combined with a more recent lower sitting

-If you sign up for a level of scores higher than your past scores allow, then we will make a full refund or make alternative arrangements with you

-It is possible to sign up for a level of guarantee scores even if you do not have the Minimum Scores (typically with longer hours and so higher fees). Ask us for these special arrangements

-This table is a general guideline. We reserve the right to reject guarantee arrangements and have the sole discretion to interpret or amend these minimum requirements with no prior notice
